Brian, we received a call yesterday from [redacted] regarding well testing in Adams County, Pa. Before I call him back I would like to talk to you about whether we want to do any more home well sampling. I need to issue Weston a new assignment to complete the reporting for the previous home well sampling. If we do want to do any more sampling I can add that in to the assignment.

Ex. 6 - Personal Privacy

Thanks,

Greg

Greg, per my voicemail.... I can call him back, once you confirm about involvement(if any) here. If you choose to do so, his preferred number is 919.749.7659

He is pretty adamant that EPA is doing groundwater monitoring.

Best Regards,

Hey Roz, I am checking with our Regional Response contacts to see if PADEP requested assistance here on this fire....Miller Chemical Fire

I already spoke with him and he already talked to the state. He said EPA was doing some groundwater monitoring. I will verify.

Best Regards,

Hi Lorraine,

I received a call today from Mr. Glen Whisler (919-678-0020/919-749-7659) regarding well testing in Adams County, Pa. sometime around 6/7/15.

He had some questions and wanted to speak to someone live at EPA. I transferred him to the Customer Service Hotline, but he called back after not getting a live person.

Thanks,

Ex. 4 - CBI
